

EDIT A BLOG

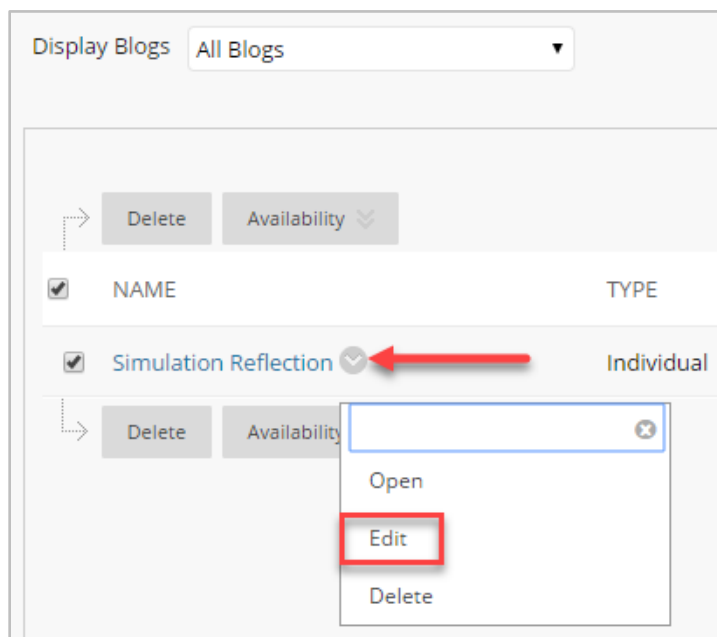

In ulearn, once a blog has been created, instructors can change the blog information as necessary.

Instructions

1. Select **Course Tools** from the left menu and select **Blogs**.

2. Locate the blog within the list of names and click the down arrow next to it. Select **Edit** from the menu.

3. Make any necessary changes (blog name, instructions, availability, grade settings, etc). Click **Submit** when done.
