

In ulearn instructors can enable 'terms' so that past courses are grouped by the semester they were taught (Fall 2020, Spring 2021, etc.,). This will make it easier to view past course content as well as perform a <u>course copy</u> into a current course.

Instructions

1. Hover the mouse over the My Courses module until a wheel icon appears. Click the Manage My Courses Module Settings icon.

2. Click on the Group by Term box.

TERMS
You may optionally group your co default. A hidden term will not sho the module page itself.
